

Pro Series HD

Century Lens Accessories for Canon XH-G1/A1

The Century Pro Series HD offers quality professional lens accessories designed to help you go wider, reach further, and move in closer than the lens alone allows.

The superb Century optics provide the finest professional images. These state-of-the-art lenses minimize chromatic aberrations and unwanted distortion and produces images that are ultrasharp edge-to-edge. Most interface directly with the bayonet mount at the front of the lens, locking and unlocking with a simple twist.

.6X HD Wide Angle Adapter

OHD-06WA-XLH

Ideal for shoots when full zooming is not needed. The .6X Wide Angle Adapter provides partial zooming while in Auto Focus mode. This lens instantly offers a 40% wider angle of view with little distortion.

.8X HD Universal Wide Angle Converter

OVS-08CV-72

Expand your camcorder's angle of view, while retaining full zoom capability. The Century HD Compact .8X Wide Angle Converter simply threads onto the front of the lens. It's so compact and lightweight, you'll hardly know it's there. Until you zoom. You'll get 20% wider coverage at wide angle, telephoto, or anywhere in between. Screw-on 72mm thread.

Fisheye HD Adapter

OHD-FEAD-XLH

For an exaggerated point of view, twist on the Fisheye Adapter. Shoot wide views and achieve exaggerated barrel distortion. Century's Fisheye exaggerates depth, pulling nearby objects closer, and causing distant objects to recede into the background.

.3X HD Ultra Fisheye Adapter

OHD-FE3X-XLH

The .3X Ultra Fisheye Adapter offers an even greater extreme point of view and eye-popping distortion with superior edge-to-edge resolution. With its unmistakable style, this adapter is a must for extreme sports shooters.

1.6X HD Tele-Converter

OHD-16TC-XLH

Extend the reach of your zoom without exposure loss. The Century 1.6X Tele-Converter is a front-mounted accessory that also provides greater telephoto reach. Use it to instantly shift the focal length range of your camera in the telephoto direction.

Achromatic Diopters

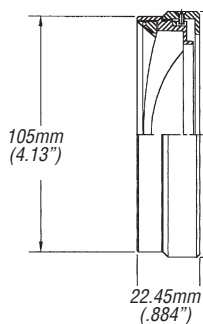

OAD-7220-00
OAD-7235-00

Available in +2.0 and +3.5 magnifications, Achromatic Diopters supply greater close-up range & magnification while maintaining zoom capabilities, without compromising image quality. Ideal when you need to focus tightly on a small object—in tabletop, miniature and flat field videography. Screw-on 72mm thread.
